1100 – 1105 hrs	Concluding Remarks	<b>Dr Kapil Kumar Narula</b> CEO & Executive Director CII Water Institute

1105 – 1230hrs

**Session – 1:**

**Improving Operational Efficiency in Pulp & Paper Sector: Role of Technology and Source diversification**

This session will discuss the new and advanced technologies being developed, accepted and implemented in the Pulp & paper sector in order to improve the operational efficiencies of the system. The details regarding technological advancements in the sector will proliferate through this session and will also focus on the importance of source diversification which minimizes the operational risks to business by reduced dependence on a particular source of water but at the same time leads to variation in the quality parameters of inlet water which may/may not require some specialized or additional treatment.

**Session Chairman:**

**Dr Bipin Thapliyal**

Secretary General

Indian Agro & Recycled Paper Mills Association (IARPMA)

Topic	Speakers
<i>Closed Loop Water circuit &amp; Biopaque – Success story of Paques in Recycled Paper Mill</i>	<b>Mr Elanchezhayan M,</b> National Product Manager - Paper & Pulp Paques India
<i>Topic Awaited</i>	<b>Mr C. K. Sandeep</b> Executive Vice President Ion Exchange (India) Limited
<i>Better and quicker Wastewater Management</i>	<b>Mr Berthet Christophe</b> Industrial Development Leader Nalco Water: An Ecolab Company
<i>New Total Solids Measurement help optimize Pulp and Paper Industry Wastewater Management</i>	<b>Ms Heli Karaila</b> Business Manager Valmet – Finland
<i>Water Pinch Analysis</i>	<b>Mr Sanjay Gupta</b> Senior Counsellor CII Water Institute
<i>Questions &amp; Answers</i>	

**1230 – 1400 hrs    Session – 2:  
Leading by Example: Good Practices in Pulp and Paper: Being Future Ready for  
– Managing Water and wastewater**

Successful case studies reinforce trust because of the very fact that they represent the viewpoint of industries about their experience with tried and tested interventions, this session will bridge the gap between the industry leaders who have adopted some good practices and are keen on sharing the same with other industry counterparts to move towards a common goal of achieving water security for themselves as well as for the nation as a whole.

**Session Chairman:**

**Mr Arun G Bijur**

Chairman of the Board of Directors, SPB Projects and Consultancy Ltd

Topic	Speaker
<i>Leading by Example: Good Practices in Pulp and Paper: Being Future Ready for – Managing Water and wastewater</i>	<b>Mr B Makarand</b> Head – Manufacturing & Projects, ITC Paper Boards & Specialty Papers Division
<i>Good Practices in Pulp and Paper Being Future Ready for “Managing Water and Wastewater”</i>	<b>Mr Ashok Kumar Singh</b> Vice President (Operations) & Mill Manager, Andhra Paper Ltd.
<i>A Novel Approach for Odour Control and Wastewater Management in Indian Paper Industry</i>	<b>Dr R K Jain</b> Technical Expert, United Nations Industrial Development Organization
<i>Good Initiatives at J. K. Paper Limited, Rayagada, Odisha</i>	<b>Mr Satyajit Mohanty</b> General Manager (EHS) JK Paper Ltd.
<i>Water and Wastewater Management in Pulp and Paper Manufacturing Process</i>	<b>Mr Parvinder Singh Taunque</b> Vice President- Engineering, Kuantum Papers Ltd.
